

Passing first time with only two minors is all due to my driving lessons with Any Adkins. Andy is very calm, patient and professional, he puts you at ease with a comfortable approach to driving. I looked forward to my driving lessons with Andy because he made them fun and I'm very pleased that I chose him as my driving instructor. Thank you so much for giving me the confidence to be the driver I am today!

100% recommend to anyone wanting to learn to drive!

Kind regards,

Annabel x
