

Andy Adkins is an outstanding driving instructor. With his guidance and patience, I was able to pass my driving test first time with only three minors! Learning to drive seemed such a daunting task at the beginning but Andy's calm approach instantly put me at ease and gave me the confidence to progress. I cannot thank Andy enough for the time and effort he put in to help me pass.

Andy even put up with my 101 questions no matter how simple they were. There was no pressure when learning with Andy and he always took my opinion into consideration as he allowed me to progress at my own pace.

I would 100% recommend Andy to anyone!

Thank you again
